

Make Your Customers and Visitors Feel Safe

Businesses beginning a new normal need signage to keep employees and customers safe. Diamond Signs & Graphics is prepared to meet your needs. All of the following are customizable in form, shape and color.

Exterior Entrance Signage

Communicate with your customers to let them know you are open. A variety of signs types available, from banners to window decals, sandwich boards signs to floor graphics and more.

Window Decals

There are a variety of window graphic options, from posters to cut letters, to partial and full window coverage.

Standing Signs

We offer a variety of stands to help you communicate your new procedures and what products you are offering at this time.

Communicate that your place of business is safe.

Floor Graphics

Floor graphics are a great way to lead customers in the desired directions and to help them social distance. From squares to circles to other customized sizes, floor decals can be designed in brand color and even include the company logo.

Elevator Bank Signs

For building elevators, customizable graphics for outside and inside the elevator are available.

Restroom signs & Graphics

Many companies will have rules that will help employees and customers social distance in restrooms. These graphics can also be made in different shapes, sizes and colors.
